

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Charles Beveridge
DOCKET NO.: 06-29186.001-R-1
PARCEL NO.: 13-04-106-012-0000

The parties of record before the Property Tax Appeal Board are Charles Beveridge, the appellant, and the Cook County Board of Review.

The subject property consists of a 66-year-old, two-story, single-family dwelling of masonry construction containing 1,298 square feet of living area and situated on a 5,000 square foot parcel. Features of the residence include one and one-half bathrooms, a full-unfinished basement, air-conditioning and a one-car attached garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process of the subject as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on four properties suggested as comparable to the subject. The appellant also submitted photographs of the subject and the suggested comparables and a copy of the board of review's decision. Based on the appellant's documents, the four suggested comparables consist of two-story, single-family dwellings of masonry construction located within two blocks of the subject. The improvements range in size from 1,264 to 1,772 square feet of living area and range in age from 58 to 67 years. The lots range in size from 4,080 to 5,000 square feet of land area. The comparables contain one or one and one-half bathrooms, a full-unfinished basement, a fireplace and a multi-car garage. The improvement assessments range from \$22.12 to \$26.35 per square foot of living area. The appellant's evidence disclosed that the subject sold in March 2003 for a price of \$364,500. Based on the evidence submitted, the appellant requested a reduction in the subject's improvement assessment.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$ 10,000
IMPR.:	\$ 40,245
TOTAL:	\$ 50,245

Subject only to the State multiplier as applicable.

PTAB/rfd5846

The appellant also requested a reduction in the subject's land assessment, however, failed to provide an analysis in support of this claim.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$50,245. The subject's improvement assessment is \$40,245 or \$31.01 per square foot of living area. In support of the assessment the board submitted property characteristic printouts and descriptive data on four properties suggested as comparable to the subject. The suggested comparables are improved with two-story, single-family dwellings of masonry construction with the same neighborhood code as the subject. The improvements range in size from 1,238 to 1,366 square feet of living area and range in age from 64 to 66 years. The comparables contain one full bathroom, a full-finished or unfinished basement and a one-car or two-car garage. Two comparables contain air-conditioning and three comparables have a fireplace. The improvement assessments range from \$31.19 to \$32.05 per square foot of living area. The board of review's evidence disclosed that the subject sold in March 2003 for a price of \$364,500. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted a two-page letter highlighting various differences between the subject and the board of review's comparables. In addition, the appellant submitted three new comparable properties and argued that they further supported a reduction in the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the appellant's comparables one and three and the board of review's comparables to be the most similar properties to the subject in the record. These six properties are similar to the subject in improvement size, amenities, age, location and construction and have improvement assessments ranging from \$25.70 to \$32.05 per square foot of living area. The subject's per square foot improvement assessment of \$31.01 falls within the

range established by these properties. The appellant's remaining comparables are accorded less weight because they differ from the subject in improvement size. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported by the most similar properties contained in the record. The appellant failed to provide an analysis supporting a reduction in the subject's land assessment. As a result, the Board also sustains the land assessment assigned to the subject property.

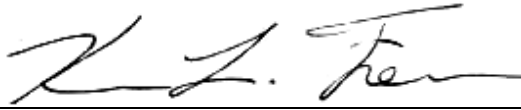

Next, the Property Tax Appeal Board did not consider the three new comparables submitted in rebuttal. *Section 1910.66 (c), of the Official Rules of the Property Tax Appeal Board* states in part, "Rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties." 86 Ill. Adm. Code §1910.66(c). Therefore, the Property Tax Appeal Board is precluded from considering the new comparables submitted as rebuttal evidence.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has failed to adequately demonstrate that the subject property was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING: _____

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: August 14, 2008

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
